In this climate of change and reform, access to facts behind the emotive issues is essential. This is the rationale behind Indicator SA — to bring the South African debate into the open. To provide a forum where all sides can be heard. To provide data analysis, trend diagnosis and policy prognosis.

The result is a quarterly journal divided into five monitors: political, economic, rural & regional, urban and industrial. Indicator SA is available by subscription and from selected bookshops.

Free — by subscription only

As part of our service to subscribers, you will receive at least two major reports on conflict issues in addition to your four Indicator SA editions during your subscription year. These reports are definitive studies of restricted circulation and are highly prized.
