1. School Questionnaire

1.1 Identification data

Région :

Département :

Commune :

Village name :

School ID :

Confirm School ID:

School name :

Enumerator name:

Enumerator ID:

During the survey in 2019 (baseline survey), we interviewed a school head for this school. This person's name will appear on the app here, where $\${responddentes}$ is located. The next question establishes whether the respondent for this new survey is the same person as during the previous survey.

Are you Mrs/Mr $\${responddentes}$? Yes or no

If the answer is yes:

Confirm the respondent's name: $\$ \{responddentes\}$

If the answer is no to the question "Are you Mrs./Mr. $\${responddentes}$?" :

Specify the name of the new respondent

Contact details of the respondent (telephone number):

The number is 8 digits or put 9 if the number is not known; 8 if the person does not have a telephone (number)

If the answer is no to the question "Are you Mrs. / Mr. $\${responddentes}$?" :

Do you know what happened to $\$ \{responddentes\}$? Yes or no

If the answer is yes to the previous question:

Specify the situation (what happened) of $\${responddentes}$?

Date of the interview:

Place of interview:

Is the respondent present: Yes or No

After you have introduced yourself, you must obtain the consent of the school head to participate in the survey.

Read the declaration of consent as it is written. After reading the declaration of consent, the school head (not the enumerator) must sign in the space provided to certify that you have read the declaration of consent.

If the school head refuses to participate in the survey, thank the school head and end the survey.

Hello, my name is \${enumeratortname}. I am a researcher working on behalf of Save the Children, as part of a study on the conditions of teachers and children in schools located in fragile or conflict zones carried out jointly by Save the Children and the Institute of Development Institute (IDS).

1.2 Consent form

RESEARCH PROJECT

You are invited to participate in a research project named:

"Study of the teachers' and children' conditions in schools located in fragile areas or conflicts"

This study is organised by the Institute of Development Studies (IDS), University of Sussex, UK, in partnership with Save the Children International.

Your participation in this study must be voluntary, you have the right to refuse. Do not hesitate to ask us questions if there is something you do not understand.

In this study, we gather information about schools, teachers, especially the general household characteristics, social networks - family, community, friends - extracurricular activities and occupations, and the experiences you had with the conflict.

If you are not comfortable with some of the questions, you have the opportunity to do the following things:

- Do not answer certain questions;
- Stop the interview
- Request additional information from IDS or Save the Children researchers and explain how you feel.

All information collected from you during this study will be confidential. Your confidentiality, that of your family and your children, will be carefully protected throughout the study. You will not be individually identified during this study, that is, we will not share personally identifiable information or link the answers you give directly to you or your family. The data, on the other hand, will be used by Save the Children to improve their education projects.

Your participation in this project is entirely voluntary. You have the full right to refuse to participate in this study. If you refuse, there will be no consequences for you or your family. If you participate, you have the right at any time, and for any reason, to temporarily or permanently interrupt your participation, without any consequences.

Do you want to participate in this survey ? 0=No, 1=Yes

Respondent's signature :

Date :

There will be no financial compensation for your participation in this project. The survey will take about approximately *30 minutes - 1h*.

I have read or heard the above information, and have decided to participate in the research project described above. If I refuse to participate, I understand that there will be no penalty or loss of rights, or any other consequences. I may refuse to answer certain questions, and / or interrupt the interview at any time, and / or decide not to participate, even after starting. I am aware that the study will take about approximately 30 minutes - 1h. My signature above confirms that I have voluntarily agreed to participate in this study.

1.2.2 Infrastructure

I would like to first ask you questions about the infrastructure of your school.

What year was this school established? (in year) <i>This is the year the school opened to students.</i>	Insert n (range 1920 to 2018) Insert 9999 if unknown

1.2.3 Capacity – staff and students

I now want to ask you questions about the number of students and teachers in the school across the different grades.

What was the total number of children enrolled in this school before the COVID-19 school closures in March 2020?	Insert n, supérieur à 1. Insert 9999 if unknown
What is the total number of children enrolled in this school today? (at time of interview)	Insert n, greater than 1. An answer should be provided here. Ask the respondent to give an estimate if he / she does not know.
What is the total number of girls enrolled in this school today (at the time of the interview)?	Insert n Insert 9999 if unknown
What is the total number of boys enrolled in this school today (at the time of the interview)?	Insert n Insert 9999 if unknown
What is the number of girls with disabilities enrolled in this school today (at the time of the interview)?	Insert n Insert 9999 if unknown
What is the number of boys with disabilities enrolled in this school today (at the time of the interview)?	Insert n Insert 9999 if unknown
Select all classes available in this school What is the number of children (boys and girls) enrolled at in \${schoolgrad} today at the time of the interview?	Class 1 : Insert n Class 2 : Insert n Class 3 : Insert n Class 4 : Insert n Class 5 : Insert n Class 6 : Insert n Insert 9999 if unknown Tell the respondent that he/she can provide more than one answer. All the answers mentioned by the respondent must be selected.
What is the number of refugee or internally displaced children enrolled in this school today (at the time of the interview)?	Insert n Insert 9999 if unknown
Select all ethnic groups available in this school What is the number of students of this ethnic group (\${ethnicreningrades}) enrolled in this school today (at the time of the interview)?	List of ethnic groups (see codes below in the last part) Insert n Insert 9999 if unknown

	Tell the respondent that he/she can provide more than one answer. All the answers mentioned by the respondent must be selected.
--	---

We are now going to ask you some questions about the teachers employed before the school was closed due to COVID-19 in March 2020.

What was the total number of female teachers in this school before COVID-19 school closure in March?	Insert n Insert 9999 if unknown
What was the total number of male teachers in this school before COVID-19 school closure in March?	Insert n Insert 9999 if unknown
What was the number of full-time permanent teachers before COVID-19 school closure in March? (NOT contract teachers or substitute teachers)	Insert n Insert 9999 if unknown

We are now going to ask you some questions about the teachers employed NOW.

What is the total number of female teachers in this school today (at the time of the interview)?	Insert n Insert 9999 if unknown
What is the total number of male teachers in this school today (at the time of the interview)?	Insert n Insert 9999 if unknown
What is the number of full-time permanent teachers today (at the time of the interview)? (NOT contract teachers or substitute teachers)	Insert n Insert 9999 if unknown
Does the school accept all applying children?	0 = No 1 = Yes
If No, why does the school not accept some students?	1 = school is full 2 = child does not have the right grade 3 = child's bad behaviour 4 = child's age 5 = child has a disability 6 = parents are unable to pay 77 = Other Tell the respondent that he/she can provide more than one answer. All

	the answers mentioned by the respondent must be selected.
How many hours of class time do children have in grade 5 (CM1) per day? (in hours)	Insert n (intervalle de 1 à 10)

1.2.4 Funding – fees, income

I would like to ask you questions about the sources of funding for your school. All amounts are in CFA francs. Please convert to CFA francs if funding was in another currency.

From what sources did this school receive funding from in the last academic year 2019-2020?	1 = School grant 2 = Government budget allocations 3 = Donations from NGOs 4 = Community contributions 5 = Income from school enterprises (ex: farming) 6 = Parents 77 = Other Select the three most important sources
Ask the following question for each source selected in the previous question ($\{sourceindex\}$).

Compared to 2018-19 academic year, how did the frequency of meeting with parents change in 2019-2020?	0. much less 1. less 2. the same 3. more 4. a lot more
---	--

We would like to understand a bit better how decisions are made in your school - for each of these areas, could you tell us who is INVOLVED in making decisions, and who is CONSULTED? [there is no good or bad answer]. For example, a school head must agree that a teacher is hired and the parents are consulted. But if the parents disagree, the school head can still hire a teacher. In this example the school head is INVOLVED and parents CONSULTED. We will first ask who is INVOLVED. By INVOLVED, we mean someone who has to agree to the decision to pass.

Involved in decision making	1 = headteacher/director 2 = deputy headteacher/director 3 = teachers 4 = parent's committee 5 = religious organisation 6 = ministry of education - including decentralised 77 = Other
Who is involved in...?	Multiple answers are allowed.
Hiring temporary teachers	
Hiring support staff (e.g. Cleaner, watcher, etc.)	
Buying teaching materials	
Infrastructure/rehabilitation work	
Request support, financial or otherwise, from parents	
Who goes to the next year / repeats	
Temporary exclusion of a student (one day or more)	
Final exclusion of a student	
Admission of new students	

We will now ask who is CONSULTED in making the same decisions. By CONSULTED, we mean someone who has is part of the discussion but his/her agreement with the decision is not important. For example, a school head must agree that a teacher is hired and the parents are consulted. But if the parents disagree, the school head can still hire a teacher. In this example the school head is INVOLVED and parents CONSULTED.

Consulted in decision making	
Who is consulted....?	1 = headteacher/director 2 = deputy headteacher/director 3 = teachers 4 = parent's committee 5 = religious organisation 6 = ministry of education - including decentralised 77 = Other Multiple answers are allowed.
Hiring temporary teachers

1.2.6 Participation in StC interventions

The questions in the following table are only asked in a few schools. The app will show these questions only in the relevant schools.

Now we would like to ask you a few questions about the Save the Children programme in your school.

Did the school receive a report card from Save The Children on quality of the learning environment?	0 = No 1 = Yes 9999 = does not know
Did you find the report card useful?	0 = No 1 = Yes 9999 = does not know
<i>If the answer is yes to the previous question.</i>	9999 = does not know
Did you think the report card was accurate in depicting your school status?	0 = Not at all accurate 1 = Somewhat accurate 2 = Very accurate 9999 = Don't know

<i>If the answer is yes to the question "Did the school receive a report card from Save The children on quality of the learning environment?".</i>	
Did the school form a School Improvement Committee (SIP) to discuss the report card?	0 = No 1 = Yes 9999 = does not know
Who were part of the committee? <i>If the answer is yes in the previous question.</i>	1 = School head 2 = Teachers 3 = Parents 4 = Students 5 = Local authorities/ religious leader 77 = Others Tell the respondent that he/she can provide more than one answer. All the answers mentioned by the respondent must be selected.
How many total members did the SIP consist of? <i>If the answer is yes to the question "Did the school form a School Improvement Committee (SIP) to discuss the report card?".</i>	Insert n Insert 9999 if unknown
How many teachers were part of the SIP? <i>If the answer is 2 in the question "Who were part of the committee?".</i>	Insert n Insert 9999 if unknown
How would you rate the cooperation between you and the teachers? <i>If the answers were 1 and 2 in the question "Who were part of the committee?".</i>	0 = No cooperation 1 = Some cooperation with very few disagreements 2 = Very good cooperation with no disagreements
How many parents were part of the SIP? <i>If the answer is 3 in the question "Who were part of the committee?".</i>	Insert n Insert 9999 if unknown
How would you rate the cooperation between the teachers and parents?	0 = No cooperation

<i>If the answers were 2 and 3 in the question "Who were part of the committee?"</i>	1 = Some cooperation with very few disagreements 2 = Very good cooperation with no disagreements
How would you rate the cooperation between you and the parents? <i>If the answers were 1 and 3 in the question "Who were part of the committee?"</i>	0 = No cooperation 1 = Some cooperation with very few disagreements 2 = Very good cooperation with no disagreements
How would you rate the cooperation among parents? <i>If the answer is 3 in the question "Who were part of the committee?" and the answer was greater than 1 in the question "How many parents were part of the SIP?"</i>	0 = No cooperation 1 = Some cooperation with very few disagreements 2 = Very good cooperation with no disagreements
How many students were part of the SIP? <i>If the answer is 4 in the question "Who were part of the committee?"</i>	Insert n Insert 9999 if unknown
Did the teachers in your school participate in TPD?	0 = No 1 = Yes 9999 = does not know
How many male teachers participated in the training? <i>If the answer is 1 in the question "Did the teachers in your school participate in TPD?"</i>	Insert n Insert 9999 if unknown
How many female teachers participated in the training? <i>If the answer is 1 in the question "Did the teachers in your school participate in TPD?"</i>	Insert n Insert 9999 if unknown

Did you find the training for teachers useful?	0 = No

<i>If the answer is 1 in the question "Did the teachers in your school participate in TPD?"</i>	1 = Yes 9999 = does not know
Will the school continue to provide training through pedagogic director in the future? <i>If the answer is 1 in the question "Did the teachers in your school participate in TPD?"</i>	0 = No 1 = Yes 9999 = does not know

1.2.7 Violent and conflict events occurred in the school or in areas surrounding the school

Consent form:

SAY: I am now going to ask some more questions on violent attacks that occurred in this school (or areas surrounding the school) and that you may have witnessed or suffered.

You have given your consent to participate in this study, but you can stop at any time or can choose not to answer any question that makes you feel uncomfortable.

Your answers will help us in better understanding the local conditions of teachers. This information will help the government to improve the education system.

Remember, everything that we talk about here and everything that you say will be kept private. I will not share your name or what you say in our interview.

Would you like to continue? We hope that you will as your answers are very useful to us.

The head teacher's response:

Verbal Consent: 0 = No, 1 = Yes.

If answered Yes, ask questions:

Was this school (or areas surrounding the school) ever been targeted by a violent attack in 2019 or 2020?	0 = No 1 = Yes
---	-------------------

Please list the violent attacks suffered by the school. Enter each attack separately. Enter up to 5 attacks. If the answer is yes to the previous question.	
If the respondent mentions more than 5 attacks, the enumerator should ask the respondent to only mention the 5 most traumatic / violent attacks.	
How many violent attacks on the school during 2019 or 2020 did you count?	Insert n (range 1 to 5)
Ask the following questions in this table in sequence and repeat them for each violent attack.

RESEARCH PROJECT

You are invited to participate in a research project named:

"Study of the teachers' and children' conditions in schools located in fragile areas or conflicts"

This study is organized by the Institute of Development Studies (IDS), University of Sussex, UK, in partnership with Save the Children International.

Your participation in this study must be voluntary, you have every right to refuse. Please don't hesitate to ask us questions if there is something you don't understand.

In this study, we collect information on teachers, in particular general household characteristics, social networks - family, community, friends -

the opinions and practices of teachers, extra-curricular activities and occupations, and the experiences you have had conflict.

If you are not comfortable with some of the questions, you have the option to do the following:

- Not answering certain questions;
- Stop the interview
- Ask for additional information from researchers at IDS or Save the Children, and explain how you are feeling.

Any information collected from you during this study will be confidential. Your confidentiality, that of your family and children, will be carefully protected throughout the study. You will not be individually identified during this study, that is, we will not share any information that identifies you or links the responses you give directly to you or your family. The data, on the other hand, will be used by Save the Children to improve their education plans.

Your participation in this project is completely voluntary. You have the full right to refuse to participate in this study. If you refuse, there will be no consequence to you or your family. If you participate, you have the right at any time, and for any reason, to temporarily or permanently discontinue your participation, without any consequences.

Do you want to take the survey? 0 = No, 1 = Yes

Signature of respondent:

Date:

There will be no financial or other compensation for your participation in this project. The questionnaire will take between 1h and 1h30.

I have read or heard the above information, and have decided to participate in the research project described above. If I refuse to participate, I

understand that there will be no penalty or loss of rights, or any other consequence. I can refuse to answer certain questions, and / or interrupt the interview at any time, and / or decide to no longer participate, even after having started. I am aware that the study will take approximately 1 to 1 hour 30 minutes. My signature above confirms that I have voluntarily agreed to participate in this study.

3. Student survey

3.1 Identification data

Région :

Département :

Commune :

Village name :

School ID :

Confirm School ID:

School name :

Enumerator name:

Enumerator ID:

During the survey in 2019 (baseline survey), we interviewed several students in this school. The following question establishes whether the student here for this new survey is one of the students questioned in this school during the previous survey. To answer this question, it is necessary to keep in the list the sample provided by the supervisor.

Is this child from the baseline? Yes or No.

If the answer is no:

Name of the child :

Identification number of the child :

Enter the person's code here . The codes range from 1 to n, with 1 being the first child in the school you will survey and n being the last child in the same school. Start with the NEW children. When you change schools, you start numbering again from 1.

Select the child's current grade: List of grades in the application (see codes below)

Select the class of $\{\text{childgrad}\}$: List of class names in the application (see codes below)

If there is only one class, select "only one class"

Ask to speak with the primary caregiver (usually the mother or father).

If the caregiver is not available, ask to speak to the HEAD of the household (in case they do not match).

If the caregiver / mother / father / head of household is not present, ask to meet them at another time.

Caregiver's Name:

Caregiver ID number:

Start with the NEW caregivers. When you change schools, you start numbering again from 1.

If the answer is yes to the question "Is this child from the baseline?" :

Select the child's name :

Select the ID number :

Select the child's current grade: List of grades in the application (see codes below)

Select the class of $\{\text{childgrad}\}$: List of class names in the application (see codes below)

If there is only one class, select "only one class"

If the answer is yes to the question "Is this child from the baseline?" :

Caregiver interviewed during the survey in 2019? For this question, the name of the caregiver who completed this survey in 2019 will be visible on the app here (noted with $\{\text{baseline_caregiver}\}$). The caregiver name must be selected if it is present.

Ask to speak with $\{\text{baseline_caregiver}\}$. If $\{\text{baseline_caregiver}\}$ is not present now, ask if you can come back at a later time to conduct the interview.

Are you conducting the interview with $\${baseline_caregiver}$? Yes or no.

If the answer is yes :

Select caregiver's ID number :

If the answer is no to the question "Are you conducting the interview with $\${baseline_caregiver}$?" :

Why is it not possible to speak with $\${baseline_caregiver}$?

1 = deceased

2 = no longer lives in this household

3 = temporary migrant (e.g. working in another town / village and occasional visits)

77 = Other

Then ask to speak to the person who is now taking care of the child (usually the mother or father). If not present, ask to speak to the household HEAD. If neither of these people are present, come back later for this survey.

Caregiver's Name:

Caregiver ID number:

Start with the NEW caregivers. When you change schools, you start numbering again from 1.

The following questions are asked of all :

RESEARCH PROJET

You are invited to participate in a research project named:

"Study of the teachers' and children' conditions in schools located in fragile areas or conflicts"

This study is organized by the Institute of Development Studies, University of Sussex, UK, in partnership with Save the Children International.

Your participation in this study must be voluntary, you have every right to refuse. Please feel free to ask us questions if there is anything you do not understand.

In this study, we collect information about students, in particular general household characteristics and children's experiences of conflict. If you decide to participate in this research project, we ask that you let us know if you feel comfortable answering our questionnaire, and the place and date and time that would be most convenient for you to do so.

If you are not comfortable with some of the questions, you have the option of doing the following:

- Do not answer certain questions
- Stop the interview
- Ask for additional information to researchers IDS or Save the Children, and explain how you feel.

Any information collected from you during this study will be confidential. Your confidentiality, that of your family and children, will be carefully protected throughout the study. You will not be identified individually during this study, that is to say, we will not communicate any information that could identify you or link the answers you give directly to yourself or your family. The data, on the other hand, will be used by Save the Children to improve their education projects.

Your participation in this project is completely voluntary. You have the full right to refuse to participate in this study. If you refuse, there will be no consequences

for you or your family. If you participate, you have the right at any time, and for any reason, to temporarily or permanently discontinue your participation, without any consequences.

There will be no financial or other compensation for your participation in this project.

I have read or heard the above information, and have decided to participate in the research project described above. If I refuse to participate, I understand that there will be no sanction or loss of rights, or any other consequence. I can refuse to answer certain questions, and / or interrupt the interview at any time, and / or decide to no longer participate, even after having started. The questionnaire will take approximately 45 minutes - 1 hour for the student questionnaire and 30 minutes for the parent questionnaire.

Do you and your child want to participate in the survey? 0 = No, 1 = Yes

Signature of respondent :

Date :

We will first talk to your child about school and play some games. We will then speak with you.

3.3 Consent form, student

Hello, my name is \${enumeratorname}

I am an university student. It's a kind of school, but bigger. Young people and adults like me go there to learn things.

Your teacher let me come here to talk to you about education and school.

I want to see what students, like you, think about school?

What do you think of teachers and other students?

What have you learned?

Only Save the Children will keep your answers. Your answers will not be shared with your parents or teachers or others here. Your name will not be written on the answer sheet so that no one knows what you answered. For your protection, if you share information about cases of violence (teachers, other children or otherwise), you can choose to report them to Save the Children .

You can tell me or your teacher if you want to take a break or if you want to stop and I will stop. If you don't want to answer all the questions, that's fine.

Can I ask you some questions about your education ? Yes or no

3.3.1 General information about the child

I'll ask you some general questions first.

How old are you? (in year) <i>Only if this surveyed child was not part of the baseline study in 2019 « Is this child from the baseline? », answer was no).</i>	Insert n (range 5 to 20)
Gender <i>Only if this surveyed child was not part of the baseline study in 2019 « Is this child from the baseline? », answer was no).</i>	0= Female 1= Male
What is the name of the language you speak at home? <i>Only if this surveyed child was not part of the baseline study in 2019 « Is this child from the baseline? », answer was no).</i>	List of languages in the app (see codes below) Multiple answers are allowed.

Do you have difficulty seeing, even if wearing glasses?	0 = No difficulty 1 = Some difficulty 2 = A lot of difficulty 3 = Cannot do at all
Do you have difficulty hearing, even if using a hearing aid?	0 = No difficulty 1 = Some difficulty 2 = A lot of difficulty 3 = Cannot do at all
Do you have difficulty walking or climbing steps?	0 = No difficulty 1 = Some difficulty 2 = A lot of difficulty 3 = Cannot do at all
Do you have difficulty remembering or concentrating?	0 = No difficulty 1 = Some difficulty 2 = A lot of difficulty 3 = Cannot do at all
Do you have difficulty (with self-care such as) washing all over or dressing?	0 = No difficulty 1 = Some difficulty 2 = A lot of difficulty 3 = Cannot do at all
Using your usual (customary) language, do you have difficulty communicating, for example understanding or being understood?	0 = No difficulty 1 = Some difficulty 2 = A lot of difficulty 3 = Cannot do at all

3.3.2 Perceptions of school safety and risks

SAY: *Now I will ask your opinion about different things and I want you to tell me what you think or feel about them. This section intends to ask about your opinion, so there are no right or wrong answers.*

FIELDWORKER: Prompt Card #1 to the child. Read and explain each of the 5 alternatives: **Strongly disagree, Disagree, Neither agree or disagree, Agree and Strongly agree.**

CARD #1:

1	2	3	4	5
Strongly disagree	Disagree	Neither agree or disagree	Agree	Strongly agree

SAY: Here you have a card with 5 alternatives that range from Strongly disagree to Strongly agree. **1** means that you **disagree very strongly**, **2** indicates that you **disagree**, **3** if you are **neither agree or disagree**, **4** you agree and **5** you **strongly agree** .

Now I will read some comments and statements about **the security and risks in the school**. I want you to tell me how much you agree or disagree with them by pointing in this card the option that best reflects your opinion.

FIELDWORKER: Read the following example:

One statement about your security in the school: "Policeman protect the school".

If you strongly agree, you should point the option **Strongly agree**.

If you agree, you should point the option **Agree**.

If you Neither agree or disagree, you should point the option **Neither agree or disagree**

If you disagree, you should point the option **Disagree**.

If you strongly disagree, you should point the option **Strongly disagree**.

SAY: Now let's practice with another example.

If I tell you: "Teachers are concerned about students' safety". Tell me, how much do you agree or disagree with this?

For each sentence, you should show the CARD to *the student*, so that he / she can choose the answer that best represents their opinion on a given topic (to what extent do they agree or disagree). Make sure the respondent fully understands the sentence. Do not influence their final decision. If *the student* does not understand the sentence, you should not try to explain the "meaning" of the sentence: we do not want to influence their opinion. If this happens, please read the sentence again until the student understands the idea.

Before you begin, read **the example** carefully to make sure *the student* is comfortable with the possible answers and understands the difference between them.

Please ask *the student* to show the relevant option on CARD # 1 when answering rather than just giving you the answer orally. Practice the example until the student understands the questions in this part - a maximum of 3 times.

SAY: *Now, think if the following statements somewhat reflect what you think, feel or say. Remember that there are no right or wrong answers; I just want to know your opinion.*

Items	Strongly disagree	Disagree	Neither agree or disagree	Agree	Strongly agree

Students are sometimes afraid to go to school for fear of punishment.					
Use of the cane [Insert Local Term] or other forms of corporal punishment (e.g., pulling ears, kicking, slapping, standing in the sun) is common in enforcing discipline.					
Teachers or the school officials punish students when they do not pay school fees					

3.3.3 School environment

Before proceeding, you want to explain to the child that he/she must try to remember last school year.

Say this:

Line 1: *Which grade were you in last year? (Wait for child's response)*

Line 2: *Now think about the entire time you were in this grade and your teachers.*

Line 3: *Are you thinking about this time? (wait for child's response, if child says no then try again from Line 1)*

Line 4: *Good!*

Line 5: *Now I will ask you some questions from this time. You have to tell me if these things happened during that time. There are 5 alternatives (show the card No. 2 to the child) and you can point to the option. 1 means never, 2 almost never, 3 if it is a few times, 4 for often and 5 very often.*

Line 6: *Let's practice – Teachers are absent from class. How often did this happen? (wait for the child to point to an option)*

Line 7: *What time were you thinking of? (If the child does not understand, start again from Line 1)*

Line 8: *Good! Now we are ready.*

FIELDWORKER: Prompt Card #2 to the child and read each of the 5 alternatives: **Never, Almost never, Sometimes, Often, Very often.**

CARD #2:

1	2	3	4	5
Never	Almost Never	Sometimes	Often	Very often

3.3.8 Cognitive indicators

EGRA:

Passing an individual test with young primary school students is a sensitive and delicate assessment. In fact, the method of passing the test does not correspond, or very little, to the usual classroom practices and assessments in primary school. Reading the text below should help to reassure and motivate the student before starting work.

The instruments are confidential and cannot be copied or left in the school.

This test has 5 exercises.

Exercise 1: Letter sound identification.

Preparation

Prepare the stopwatch.

Present to the child the relevant sheets (examples and lists of letters).

Show the first page to the child.

Say : *It's an exercise. We will first go through examples together. You will read aloud the letters that I show you.*

Are you ready?

Point to the letter « r ».

Say : *Read aloud this letter*

- If the student does not react, **Say :** *I repeat, read aloud this letter.*
- If the student reads the letter correctly, **Say :** *Good, the letter is « r ».*
- If the student cannot read the letter correctly, **Say :** *the letter is r. Let's do another example.*

Point to the letter « 0 » and **Say :** *Read aloud this letter*

- If the student does not react, **Say :** *I repeat, read aloud this letter.*
- If the student reads the letter correctly, **Say :** *Good, the letter is 0.*
- If the student cannot read the letter correctly, **Say :** *the letter is 0.*

Say : *We have finished the examples, now you're going to do it yourself. You read as many letters as you can. You start with the first letter on the left, continue to the right and go to the next line. If you cannot read a letter, you can go to the next letter.*

Point to the first letter and **Say :** *are you ready? you can start reading!*

Start the countdown when the student starts reading the first letter! The exercise letters will appear one by one in the tablet. The order of the letters is from left to right. For each letter, indicate in the tablet if the student has :

- 1) Read correctly
- 0) Read incorrectly
- 999) Did not read

Read the letter if the student cannot read or hesitates for 10 seconds and move to the next letter by showing the letter that follows. Count this letter as 999) Did not read.

Do not tell the student if the answer is correct or incorrect and do not correct the student during the test. If the student corrects himself, count this letter as 1) read correctly.

If the student pronounces the sound instead of the letter, consider the answer as 1) Correct answer.

Accept the student's answer if he/she give the name or the sound of the letter.

Auto-stop at **60 seconds** Say : «Good ! Let's move on to the next exercise».

If the student has finished reading all the letters before the end of 60 seconds, the time taken by the student must be inserted. For example, if he / she took 56 seconds to read 50 letters, you must insert 56.

Examples: r o

e	r	a	i	s	t	n	o	u	l
c	p	m	d	g	b	f	v	h	q
x	z	y	j	k	w	a	n	o	u
e	s	t	i	r	l	f	q	d	m
p	g	b	c	h	v	k	x	j	z

Exercise 2 : Familiar word reading

Preparation

Prepare the stopwatch.

Present to the child the relevant sheets (examples and lists of words).

Show the second page to the child.

Say : *This is another exercise.*

We will first go through some examples together. You need to read aloud the words that I show you.

Are you ready?

Point to the word « la ».

Say : Read aloud this word.

- If the student does not react, **Say : I repeat, read aloud this word.**

- If the student reads the word correctly, **Say : good, this word is « la»**

- If the student cannot read the word correctly, **Say : this word is « la »**

Say : Let's do another example.

Point to the word « papa ».

Say : Read aloud this word.

- If the student does not react, **Say : I repeat, read aloud this word.**

- If the student reads the word correctly, **Say : good, this word is papa.**

- If the student cannot read the word correctly, **Say : this word is papa.**

Say : We have finished the examples, now you're going to do it yourself.

Exercise

Say : You need to read as many words as you can. You must start with the first word on the left, continue to the right and go to the next line. When you finish the first line, you continue. If you cannot read a word you can go to the next word.

Point to the first word.

Say : I will tell you when you can start.

Are you ready?

You can start to read aloud.

Start the countdown as soon as the student starts reading the first word.

The words of the exercise will appear one by one in the tablet. The order of the words is from left to right. For each word, indicate in the tablet if the student has:

- 1) Read correctly
- 0) Read incorrectly
- 999) Did not read

Read the word if the student cannot read or hesitates for 10 seconds and move to the next word by showing the word that follows. Count this word as 999) Did not read.

Do not tell the student if the answer is correct or incorrect and do not correct the student during the test. If the student corrects himself, count this word as 1) read correctly.

Auto-stop at 60 seconds **Say : « Good, you've finished the exercise, we'll go on to the next exercise.»**

If the student has finished reading all the words before the end of 60 seconds, the time taken by the student must be inserted. For example, if he / she took 56 seconds to read 50 words, you must insert 56.

Examples: la papa

tu je ai sa il de du ou le la

élu une poil sur ami bol dur ton mur été

vase père sain pure mari vise vélo sein visa mare

marin ail tasse souris livre jeudi lundi lieu grise balle

sortir vendre arbre battre voisin cahier maître souris crevé broyer

Exercise 3: Invented word reading.

Show the third page and then read the instructions below.

Preparation

Prepare the stopwatch.

Present to the child the relevant sheets (examples and lists of words).

Say : *This is another exercise.*

We will first go through some examples together. You need to read aloud the words that I show you.

Are you ready?

Point to the word bi.

Say : *Read aloud this word.*

- *If the student does not react, Say : I repeat, read aloud this word.*

- *If the student reads the word correctly, Say : good, this word is «bi»*

- *If the student cannot read the word correctly, Say : this word is «bi»*

Say : *Let's do another example.*

Point to the word « tok ».

Say : Read aloud this word.

- If the student does not react, **Say : I repeat, read aloud this word.**

- If the student reads the word correctly, **Say : good, this word is tok.**

- If the student cannot read the word correctly, **Say : this word is tok.**

Say : We have finished the examples, now you're going to do it yourself.

Say : You need to read as many words as you can. You must start with the first word on the left, continue to the right and go to the next line. When you finish the first line, you continue. If you cannot read a word you can go to the next word.

Point to the first word.

Say : I will tell you when you can start.

Are you ready?

You can start to read aloud.

Start the countdown as soon as the student starts reading the first word.

The words of the exercise will appear one by one in the tablet. The order of the words is from left to right. For each word, indicate in the tablet if the student has:

- 1) Read correctly
- 0) Read incorrectly
- 999) Did not read

Read the word if the student cannot read or hesitates for 10 seconds and move to the next word by showing the word that follows. Count this word as 999) Did not read.

Do not tell the student if the answer is correct or incorrect and do not correct the student during the test. If the student corrects himself, count this word as 1) read correctly.

Auto-stop at 60 seconds **Say : « Good, you've finished the exercise, we'll go on to the next exercise.»**

If the student has finished reading all the words before the end of 60 seconds, the time taken by the student must be inserted. For example, if he / she took 56 seconds to read 50 words, you must insert 56.

Examples: bi tok

uv vi do go ax zi co wa ha ké
 tok cer dou quo zèb ter yar vaf her pit
 kart doul motu toxi béli faze goze tife padi mira
 leuze parika crapi vrase cèdri quizo pozu clami balba fèze
 cacati nuilo crome gama sourti bizame barka momi texi zélian

Exercise 4: Oral Passage Reading

Preparation

Prepare the stopwatch.

Present to the child the relevant sheet.

Say : *This is another exercise.*

You need to read this text aloud, line by line, and I will ask you questions about what you read.

Point to the text.

Say : *I will tell you when you can start.*

Are you ready?

You can start to read aloud.

Start the countdown as soon as the student starts reading the first word.

The words of the exercise will appear one by one in the tablet. The order of the words is from left to right.

For each word, indicate in the tablet if the student has:

- 1) Read correctly
- 0) Read incorrectly
- 999) Did not read

It is important to mark each word that the student has read or attempted to read as correct, incorrect or not read. You should not correct the child during the test. However, if he/she does not answer and remains stuck on a word, after 10 seconds give him the word and ask him to continue. In this case, you should mark the child's response as 999) Did not read. If the child corrects himself (himself), note the word as correct.

Do not tell the student if the answer is correct or incorrect and do not correct the student during the test. If the student corrects himself, count this word as 1) read correctly.

Auto-stop at 60 seconds **Say : *Good, you've finished the exercise, we'll go on to the next exercise.***

If the student has finished reading all the words before the end of 60 seconds, the time taken by the student must be inserted. For example, if he / she took 56 seconds to read 50 words, you must insert 56.

Ma famille.

Mon papa va au champ avec Sani. Ils vont cultiver le champ maman prépare le manger pour midi. Ma soeur Amina aide maman à la cuisine.

Moi je vais jouer au ballon. Mes autres frères vont au marché. Ils ont une petite exerciseboutique. Ils vendent du mil, du maïs et des patates. Hier ils ont gagné beaucoup d'argent.

Exercise 5: Reading comprehension.

Say : *Now I'm going to ask you some questions about the story you read. Try to answer the questions.*

The child must have the text in front of him when he answers the questions.

Question 1: « **Où va papa ?** »

If the student does not react, Say : « **I repeat, où va papa ?** »

Let the student search for the answer in the text and wait for 5 seconds maximum. After 5 seconds, you should give the answer.

Question 2 « **Que vont faire papa et Sani ?** »

- If the student does not react : « **I repeat, que vont faire papa et Sani ?** »

Let the student search for the answer in the text and wait for up to 5 seconds, correct the student's answer and go to the next question or end the exercise if the student has not read the rest of the text.

Question 3 « **Que fait maman ?** »

- If the student does not react : « **I repeat, que fait maman ?** »

Let the student search for the answer in the text and wait for up to 5 seconds, correct the student's answer and go to the next question or end the exercise if the student has not read the rest of the text.

Question 4 : « **Qui est Amina ?** »

- If the student does not react : « **I repeat, qui est Amina ?** »

Let the student search for the answer in the text and wait for up to 5 seconds, correct the student's answer and go to the next question or end the exercise if the student has not read the rest of the text.

Question 5 « **Et toi que vas-tu faire ?** »

- If the student does not react : « **I repeat, et toi, que vas-tu faire ?** »

Let the student search for the answer in the text and wait for up to 5 seconds, correct the student's answer and then go to the next exercise.

Say : *Good, you've finished the exercise, we'll go on to the next exercise.*

Exercise 1 : Number identification :

Preparation

Prepare the stopwatch.

Present to the child the relevant sheet.

Say: *Here are some numbers. I want you to tell me each number in this table. I'll tell you when to start and when to stop.*

Point to the first number. Say: *Start here. Are you ready ? You can start.*

What is this number?

8	0	9	14	80
12	19	30	27	44
20	13	69	73	94
300	630	427	614	403

Start the countdown as soon as the student starts.

The numbers of the exercise will appear one by one in the tablet. The order of the numbers is from left to right. For each number, indicate in the tablet if the student has a:

- 1) Correct answer
- 0) Incorrect answer
- 999) Did not answer

Do not tell the student if the answer is correct or incorrect and do not correct the student during the test. If the student corrects himself, count this number as 1) correct answer.

Read the number if the student cannot read or hesitates for 10 seconds and move to the next number by showing the number that follows. Count this number as 999) Did not answer.

Auto-stop at **60 seconds** Say : « Good ! Let's move on to the next exercise ».

If the student has finished before the end of 60 seconds, the time taken by the student must be inserted. For example, if he / she took 56 seconds, you must insert 56.

Exercise 2 : Quantity discrimination

Preparation

Prepare the stopwatch.

Present to the child the relevant sheet.

Say: *Look at these two numbers. Which one is the largest?*

8 4

If the student answers correctly, Say: *Good, 8 is the largest. Let's do another example.*

If the student does not answers correctly, Say: *8 is the largest. [Point to 8] It is 8. [Point to 4] it is 4. 8 is larger than 4. Let's do another example.*

Say: *Look at these 2 numbers. Which one is larger ?*

22 12

If the student answers correctly, Say: *Good, 22 is the largest. Let's continue.*

If the student does not answers correctly, Say: *22 is the largest. [Point to 22] It is 12. [Point to 12] It is 12. 22 is greater than 12. Let's continue.*

Example :

8	4
12	22

Table test :

Say : *Are you ready?*

Look at these two numbers, which one is the biggest?

You have to point your finger at the row.

[Point to the numbers 3 et 8]

Start the countdown as soon as the student starts.

The numbers of the exercise will appear one by one in the tablet. The pairs of numbers will appear one by one. The order of the pairs of number is from top to bottom. For each pair of numbers, indicate in the tablet if the student has a:

- 1) Correct answer
- 0) Incorrect answer
- 999) Did not answer

Do not tell the student if the answer is correct or incorrect and do not correct the student during the test. If the student corrects himself, count this question as 1) correct answer.

To consider the correct answer (1) Correct answer), the student must say the largest number and not just show it.

For each pair of numbers, repeat: *look at these numbers, which is the largest?*

3	8
12	15
35	27
77	69
47	53

If the student does not know or hesitates after 5 seconds, skip to the next 2 numbers by showing them. Count this question as 999) Did not answer.

If in the last row, the student does not arrive after 5 seconds, go to Exercise 3.

Exercise 3 : Missing number :**Preparation**

Prepare the stopwatch.

Present to the child the sheet with the text.

Say : *We will now to another exercise.*

We are going to start with some examples. Here are the numbers. 1, 2, and 4, what number should be here [Point to empty cell]?

If the student answers correctly, Say: *Good 3. Let's do another example.*

If the student does not answers correctly, Say: *it is 3. The number is 3 here. Tell me the numbers with me : 1, 2, 3 and 4 [Point to empty cell] 3 should be here. Let's do another example.*

Point to the second example :

Say : *Here are numbers 5, 10 and 15. What number should be here [Point to empty cell]?*

If the student answers correctly, Say: *Good, 20. We will start the exercise now.*

If the student does not answers correctly, Say: *it is 20. The number here is 20. Tell me the numbers with me : 5, 10, 15 and 20 [Point to empty cell]. We will start the exercise now.*

Example:

1	2		4
---	---	--	---

5	10	15	
---	----	----	--

Table test :

Say : *Are you ready? Here are some numbers.* [Point to the table] . . . *What number goes here?*

You need to point to the row.

[Point to the first row]

Start the countdown as soon as the student starts.

The rows of numbers of the exercise will appear one by one in the tablet. The order of the rows of numbers is from top to bottom. For each row, indicate in the tablet if the student has a:

- 1) Correct answer
- 0) Incorrect answer
- 999) Did not answer

Do not tell the student if the answer is correct or incorrect and do not correct the student during the test. If the student corrects himself, count this question as 1) correct answer.

The student does not have to say all the numbers in the row.

For each row of numbers, repeat: *look at these numbers, which one goes there?*

If the student does not know or hesitates after 5 seconds, skip to the next row by showing them. Count this question as 999) Did not answer.

If in the last row, the student does not arrive after 5 seconds, go to Exercise 4.

5	6	7	
---	---	---	--

32		34	35
----	--	----	----

60	70		90
----	----	--	----

	531	631	731
--	-----	-----	-----

23	25		29
----	----	--	----

Exercise 4 : Additions :**Preparation**

Prepare the stopwatch.

Present to the child the relevant sheet.

Say : *Now we are going to do some additions. I am going to show you 10 additions. Give me the answer for each of them*

If you do not know, go to the next addition.

Are you ready ?[Point to the first addition]

Start the countdown as soon as the student starts.

The additions of the exercise will appear one by one in the tablet. The order of the additions is from top to bottom. For each number, indicate in the tablet if the student has a:

- 1) Correct answer
- 0) Incorrect answer
- 999) Did not answer

$2 + 1 =$	<input type="text"/>
$1 + 4 =$	<input type="text"/>
$3 + 2 =$	<input type="text"/>
$3 + 3 =$	<input type="text"/>
$4 + 5 =$	<input type="text"/>
$9 + 4 =$	<input type="text"/>
$3 + 7 =$	<input type="text"/>

$5 + 9 =$ <input type="text"/>
$6 + 6 =$ <input type="text"/>
$1 + 8 =$ <input type="text"/>

If the student does not know or hesitates after 5 seconds, skip to the next addition by showing it. Count this question as 999) Did not answer.

Do not tell the student if the answer is correct or incorrect and do not correct the student during the test. If the student corrects himself, count this question as 1) correct answer.

The student does not have to say all the numbers in the addition.

Auto-stop at **60 seconds** Say : « Good ! Let's move on to the next exercise ».

If the student has finished before the end of 60 seconds, the time taken by the student must be inserted. For example, if he / she took 56 seconds, you must insert 56.

Exercise 5 : Subtractions :

Preparation

Prepare the stopwatch.

Present to the child the relevant sheet.

Say : *Now we are going to do some subtractions. I am going to show you 10 subtractions. Give me the answer for each of them*

If you do not know, go to the next subtraction.

Are you ready ?[Point to the first subtraction]

Start the countdown as soon as the student starts.

The subtractions of the exercise will appear one by one in the tablet. The order of the subtractions is from top to bottom. For each number, indicate in the tablet if the student has a:

- 1) Correct answer
- 0) Incorrect answer
- 999) Did not answer

$3 - 1 = \square$

$5 - 4 = \square$

$5 - 3 = \square$

$6 - 3 = \square$

$9 - 4 = \square$

$13 - 4 = \square$

$10 - 7 = \square$

$14 - 9 = \square$

$12 - 6 = \square$

$9 - 8 = \square$

If the student does not know or hesitates after 5 seconds, skip to the next subtraction by showing it. Count this question as 999) Did not answer.

Do not tell the student if the answer is correct or incorrect and do not correct the student during the test. If the student corrects himself, count this question as 1) correct answer.

The student does not have to say all the numbers in the subtraction.

Auto-stop at **60 seconds** Say : « Good ! You have finished the exercises ».

If the student has finished before the end of 60 seconds, the time taken by the student must be inserted. For example, if he / she took 56 seconds, you must insert 56.

3.3.9 Non-cognitive indicators

Perseverance

Preparation:

- The document with the three geometric figures (three drawings) for the test of non-cognitive abilities, perseverance test
- For each student to be interviewed, you should have 3 white sheets
- Pencil, sharpener, eraser; Timer or stopwatch

Say: We will now play a game. First, can you tell me which hand you use to write your name?

The child will show you either his/her right or left hand. For this game you should ask the child to draw using their non-dominant hand. If they use their right hand to write their name, they should use their left hand in the game. If they use their left hand to write their name, they should use their right hand in the game.

Say: I am going to show you a picture and I want you to use your <non-dominant> hand to draw that picture. You must always use your <non-dominant> hand. You can use your other hand to hold the paper but you cannot draw using that hand.

If you get frustrated or you feel like you cannot do the drawing please let me know. We can then move to the next activity. Okay?

re you ready to play this game?

- 1) Show the child the first drawing. Give the child 60 seconds to draw the picture.
 - If the child gives up before 60 seconds is over then mark "Incorrect" and do not show him/her the second and third drawing. Proceed to the next sub-task.

Empathy

Preparation:

- The picture of the girl crying for the non-cognitives empathy test:
 - 1) Show the picture and say: *Now let's look at this picture. How do you think this child is feeling right now?*

If the child cannot name an appropriate emotion then mark “Incorrect” on the scoring sheet and move to the next sub-task.

- 2) Then ask: *What would you do to help her feel better?*

Wait for the child to respond and if answer is unclear ask: *How/why does this make her feel better?*

If the child cannot name one thing that he/she would do to make the girl feel better then mark “Incorrect” on the scoring sheet and move to the next sub-task.

- 3) Ask: *Is there anything else you would do to make her feel better?*

Wait for the child to respond and if answer is unclear ask: *How/why does this make her feel better?*

Say: *Now I will tell you a story about this girl and why she is crying. One day the teacher told all the students in her class to make a line so that they can go out to play. As they were making the line the girl was pushed by another child. She fell down and hurt her knee. This is why she is crying in this picture.*

- 4) *Why do you think that the other child pushed the girl while making a line?*
 5) *How do you think the other child felt after the girl started crying?*
